Webcasts of the Jefferies and Piper Sandler presentations will be available under "Events & Presentations" in the Investors section of the Company's website located at www.xencor.com. A replay of the live Jefferies presentation will be posted on the Xencor website approximately one hour after the live event. Both presentations will be available for at least 30 days.

About Xencor, Inc.

Xencor is a clinical-stage biopharmaceutical company developing engineered monoclonal antibodies for the treatment of cancer and autoimmune diseases. Currently, 18 candidates engineered with Xencor's XmAb[®] technology are in clinical development internally and with partners. Xencor's XmAb antibody engineering technology enables small changes to the structure of monoclonal antibodies resulting in new mechanisms of therapeutic action. For more information, please visit www.xencor.com.
